

**Contract Staffing** at MadWolf Technologies means we specialize in providing temporary and permanent information technology staffing as well as related consulting services.

- Because of our strong knowledge of contracts and our successful track record of pairing talented people with appropriate placements, our staffing division has become a leader in resource management.
- We are positioned to help your organization achieve its goals – regardless of scope – in either government or private sector,. We are a certified woman-owned small business on the GSA schedule.

### **Success in any IT outsourcing strategy depends on choosing the right partner**

Because of our quality-driven recruiting process and years of industry experience, MadWolf Technologies can provide the right person who possesses the correct skills whenever and wherever they are needed. Such flexibility allows businesses to experience the greatest return on their investments.

### **Many companies and IT departments find it challenging to respond to constantly changing technology needs and initiatives using only internal staff**

To acquire strategic skills in a timely and cost-effective manner, many CIO's, MIS directors, and technical managers rely on MadWolf Technologies for quality IT Resource Management solutions.

MWT can support your needs in a variety of different areas and specialties, including:

- Web Development
- Business Analysis
- Intelligence and Financial Reporting
- Database Design and Administration
- Network Engineering and Administration
- Project Management
- Mainframe Programming
- Software Development and Engineering
- Systems Analysis
- Help Desk and Technical Support
- Technical Writing
- Security

MWT also has expertise in a variety of different specialties and industries that can augment your technology skills and improve your ability to meet business goals.

- MadWolf Technologies affords companies the ability to ramp-up quickly in new technologies, responding strategically by acquiring skills and cost-effectively managing available resources.
- MadWolf Technologies gives you the ability to deliver IT results to your organization quickly and efficiently by giving you the brainpower of highly trained IT consultants and specialists.
- MadWolf Technologies' reliable, innovative IT professionals from MadWolf Technologies can help you take your company to the next level yet give you the flexibility to take on your greatest challenges without the expense, delay, or inconvenience of lengthy recruiting and assessment processes.

For more information on Contract Staffing, please contact us today at 202-293-5003 ext. 125 or [staffing@madwolftech.com](mailto:staffing@madwolftech.com).

At MadWolf Technologies, one of our core strengths is that we are a certified engineering firm. We draw from our fields of expertise, attracting valuable, qualified resources through our participation and publishing while maintaining our staffing through our programs of training and mentoring.

When you work with a MWT consultant, you are retaining the whole company – and with that comes our Partner Agreements, the backing of our staff, our management and access to our Proprietary Knowledge Base and Library of Skills.
